EDUCATION

University of Southern Mississippi

B.S. in Computer and Information Sciences; Minor in Biological Sciences

GPA: 4.00 • President's List • Academic Excellence Scholar

Beaconhouse College Program

*Cambridge A Levels: 4 A*s in Biology, Chemistry, Mathematics, and Physics*

Expected Dec 2028

Hattiesburg, MS

May 2024

Karachi, Pakistan

SOFTWARE ENGINEERING EXPERIENCE

Data Analyst Intern, Health, Safety & Environment

Engro Technical Services

Jul 2026 – Aug 2026

Karachi, Pakistan

- Developed Python, FastAPI, and Power Query pipelines for risk scoring, scheduled reporting, and automated change monitoring across approximately 1,750 engineering and HSE files.
- Built maintainable data workflows and Power BI reporting systems supporting more than 130,000 operational records used for executive review.

Student Worker, Operations Technology & Event Support

Thad Cochran Center / Union Operations, University of Southern Mississippi

Jun 2024 – Present

Hattiesburg, MS

- Developed SetItUp and UnionInventoryPro to manage room requests, event layouts, equipment records, recurring inventory audits, and day-to-day operations support.

Undergraduate Researcher, Ichthyology Lab

University of Southern Mississippi

Spring 2026 – Present

Hattiesburg, MS

- Build reproducible Python workflows, chromosome-correspondence matrices, and technical reports for comparative analysis of chromosome-scale *Fundulus* genome assemblies.

Software Engineering Intern

Shahid I.T. Consultants

Aug 2023 – Feb 2024

Karachi, Pakistan

- Automated recurring record-update workflows in Python, reducing manual processing by 30%; supported integration testing, deployment documentation, and client application maintenance.

SELECTED SOFTWARE PROJECTS

HEARTLINE — Native Android Lyric Companion | Kotlin, Jetpack Compose, Room, Android Services | [GitHub](#)

2026

- Built a native Android app that detects active media sessions, retrieves synchronized lyrics, follows playback, caches tracks offline, displays live lyric notifications, and renders customizable share cards entirely on-device.
- Implemented foreground services, notification-listener recovery, Room persistence, secure FileProvider sharing, accessibility semantics, unit tests, Android lint, and a GitHub Actions APK pipeline.

Taaqat & Nivala — Offline-First Flutter Apps | Dart, Flutter, Material 3, Local Persistence | [GitHub](#)

2026

- Built two privacy-first Android products: a workout platform with 172 exercises, recovery-aware planning, logging, analytics, reminders, and import/export; and a Pakistani-first nutrition tracker with 278 localized foods, recipes, progress tracking, and validated backups.
- Added versioned offline persistence, migration support, automated tests, static analysis, and GitHub Actions workflows producing APK and Android App Bundle artifacts.

BioLitGraph — Biomedical Literature Graph Explorer | Python, Flask, REST APIs, NetworkX | [GitHub](#)

2026

- Built a Flask application integrating PubMed and PubTator APIs to retrieve papers, normalize biomedical entities, generate relationship graphs, and export evidence tables as CSV/JSON.

To Ash Again — 2D Narrative Platformer | Python, Pygame, OOP | [GitHub](#)

2025

- Architected a packaged four-act platformer with modular player, level, enemy, power, inventory, cutscene, game-state, save, and multi-phase boss systems.
- Implemented two playable characters, six abilities, enemy AI, progression logic, reusable gameplay components, and a large multi-asset codebase spanning 258 tracked files.

TECHNICAL SKILLS

Languages: Python, Kotlin, Dart, JavaScript, SQL, C++

Mobile & Frontend: Android, Jetpack Compose, Flutter, Material 3, HTML/CSS

Backend & Data: FastAPI, Flask, REST API integration, Room, pandas, NumPy, NetworkX, Power Query

Infrastructure & Delivery: Git/GitHub, GitHub Actions, Linux/WSL, Docker, Conda, Gradle, APK/AAB builds

Engineering Practices: Object-oriented design, local-first architecture, unit testing, static analysis, debugging, accessibility, technical documentation

LEADERSHIP & HONORS

President & Founder, Student Poets Association and Creative Writing Club, USM — Lead arts programming, public showcases, open mics, and club operations.

Selected Honors: Outstanding Cambridge Learner Award; ITC 371 Best Project & Best Assistant Project Manager; UGS Best Art as Research Project (2026); Best Arts Showcase for Poetry (2025, 2026); President's List.
